

Treasure Cards

Instructions:

Print, cut, and shuffle before the activity.

Students work in groups to arrange each pathway in the correct order.

Colour-code for clarity:

- Organ Pathway – Blue Cards
- Tissue Pathway – Green Cards

HEART

Jewel of Life

Job:

The body's powerful pump that keeps blood moving.

Magical Fact:

Beats about 100,000 times every day without resting!

LUNGS

Jewel of Life

Job:

The body's "air machines," bringing in oxygen and removing carbon dioxide.

Magical Fact:

Your lungs contain millions of tiny air sacs – enough to cover a tennis court!

LIVER

Jewel of Life

Job:

The body's super-cleaner that filters blood and helps digestion.

Magical Fact:

The liver is the only organ that can regrow itself.

KIDNEYS

Jewel of Life

Job:

The body's filtering machines that clean the blood and balance water.

Magical Fact:

Your kidneys filter around 180 litres of blood every day – like filling a bathtub!

PANCREAS

Jewel of Life

Job:

Helps the body turn food into energy and controls sugar levels.

Magical Fact:

The pancreas makes special “helper juices” for digestion.

CORNEA

Repair Kit (Eye)

Job:

The clear window at the front of the eye that helps you see clearly.

Magical Fact:

Your cornea gets oxygen from the air, not from blood!

BONE

Repair Kit

Job:

Supports the body and helps repair injuries; bone grafts restore movement.

Magical Fact:

Bone marrow makes over 2 million blood cells every second.

SKIN

Repair Kit

Job:

Protects the body from germs and helps healing (especially for burns).

Magical Fact:

Your skin completely renews itself every month!
