OPTICAL ILLUSION OPTIONS

You can choose one for your lesson slide or print, depending on what format you prefer.

Option A: Duck/Rabbit Illusion

Description for teachers: A famous ambiguous image that can be seen as either a duck (looking left) or a rabbit (looking right). Perfect for demonstrating how the same image can be interpreted in two valid ways.

Option B: “The Dress” (Blue/Black vs White/Gold)

Description for teachers: A globally known viral image where people see different colours depending on their perception and brain processing. Fantastic for teens – they love it.
