

# Body Investigators: The Hero's Treasury

(Year 5 - Ages 10-11):

## Lesson 6 of 9

Name: \_\_\_\_\_ Class: \_\_\_\_\_

### Student Worksheet

#### Activity 1: Unlocking the Treasury (Classification)

**Task:** We investigated the "Treasury" and found the incredible Treasures of Life. Your job is to classify them into the correct categories.

Draw a line to match each Treasure of Life to the correct classification.

Treasure of Life (Organ/Tissue)	Classification
Heart	Jewel of Life (Life-Saving)
Cornea (Eye)	Repair Kit (Life-Transforming)
Lungs	Jewel of Life (Life-Saving)
Bone	Repair Kit (Life-Transforming)
Liver	Jewel of Life (Life-Saving)
Skin	Repair Kit (Life-Transforming)

# Student Worksheet

## Activity 2: My Treasure Map & Logbook

**Task:** Choose one "Treasure of Life" (from either category above). Imagine you are tracking its journey to help a recipient. Use the space below to draw a map of its journey and explain the incredible transformation it creates.

Treasure Chosen (Circle One): Heart / Liver / Cornea / Bone

Recipient: Imagine who receives this gift (e.g., a child who needs sight, an adult who needs a new heart).

The Transformation:

- What was the recipient unable to do before receiving the treasure?

- What amazing new power or chance at life does the recipient gain?

Treasure Logbook Entry:

The recipient was unable to:

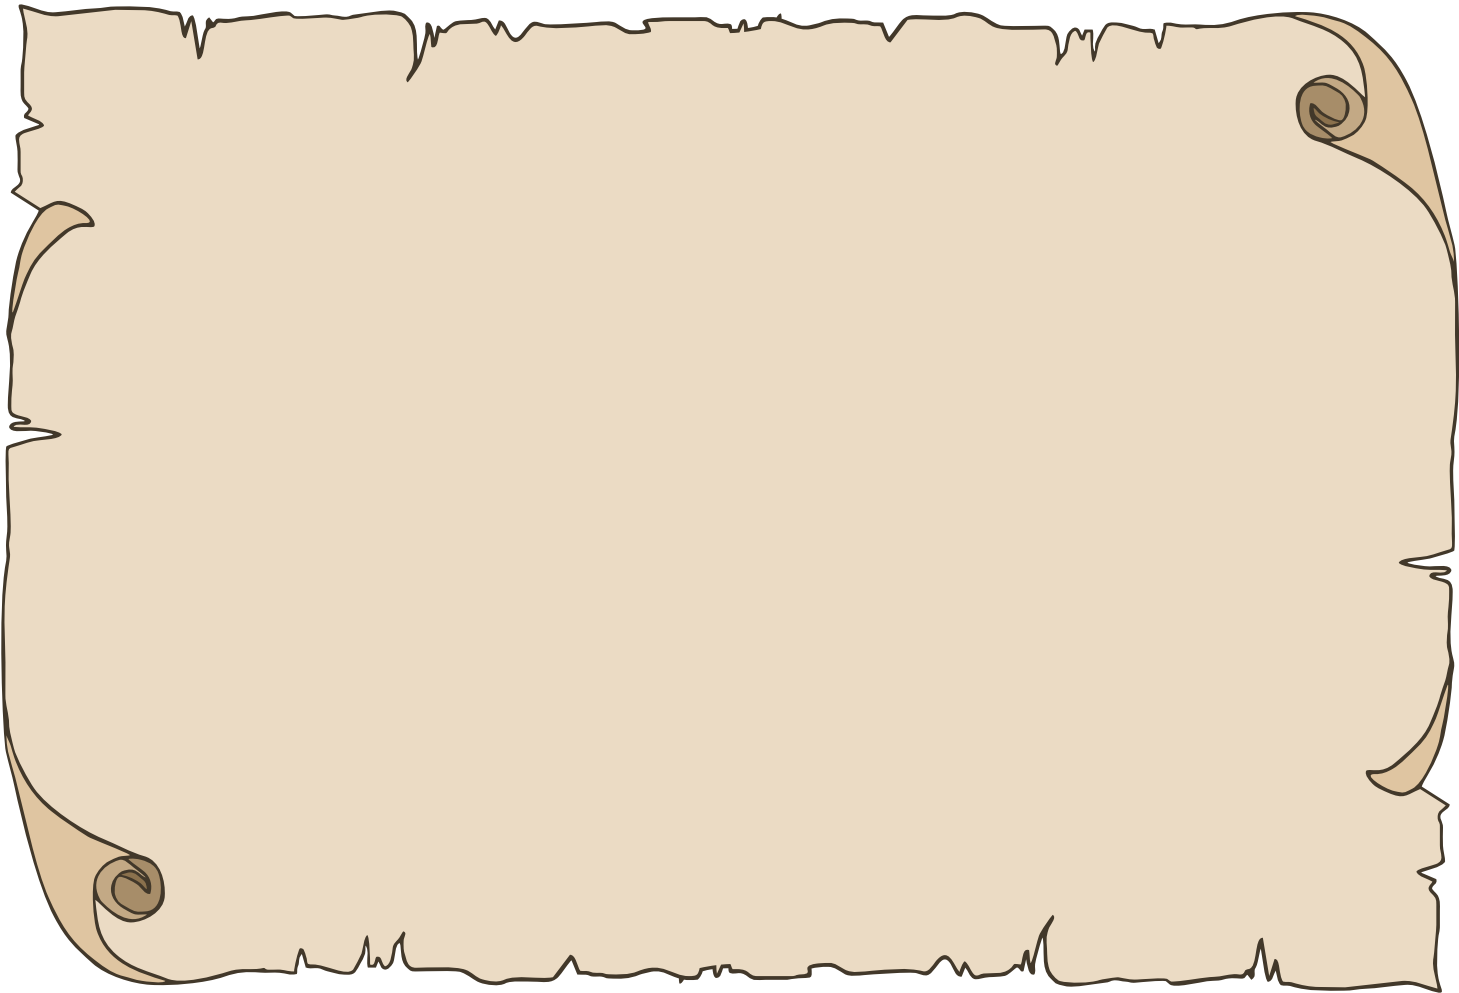

Now, thanks to the Hero's Treasure, the recipient can:

---

---

---

## Student Worksheet

### Activity 3: The Biggest Kindness

**Task:** We learned that one Hero's Treasury can hold enough treasure to save up to seven lives and transform many more.

Why do we call the Hero's Treasury the ultimate act of altruism (or kindness)?

Write your answer below, explaining the scale of the gift.
