

DECORATE AN EGG FOR YOUR BUDDY!

Pick your favourite Donate Buddy and design a special Easter egg just for them! Each egg should reflect the Buddy's job in the body or their fun personality.

How It Works:

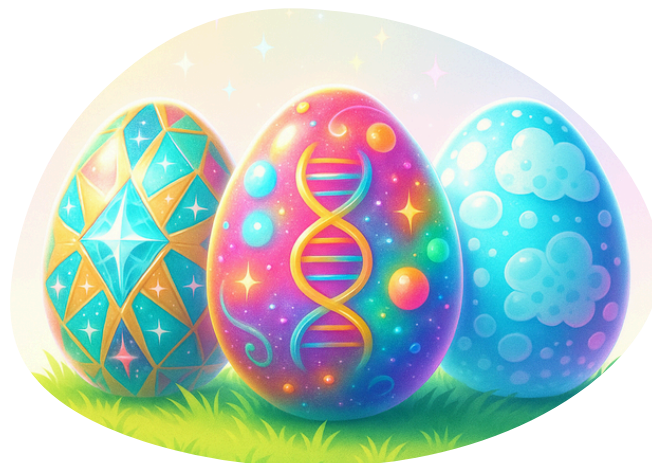

Children are invited to choose one or more Donate Buddies and design a special Easter egg just for them! Each egg becomes a unique piece of art that symbolises that Buddy's function, personality, or the organ/tissue they represent.

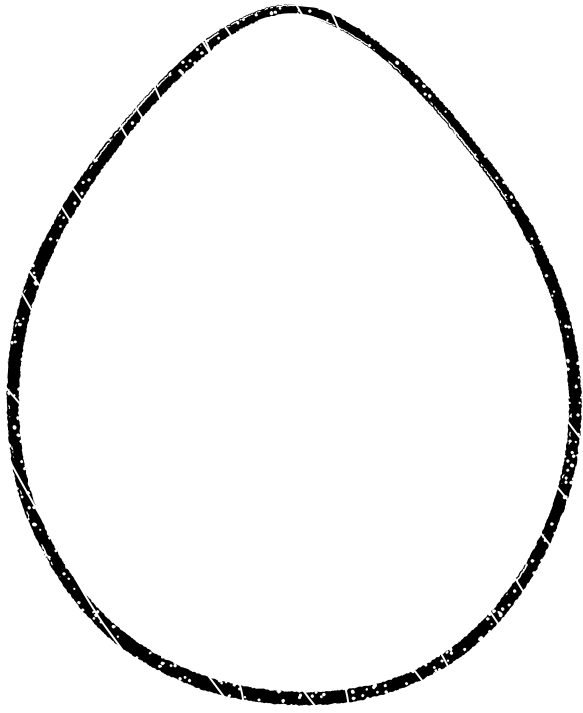

How to Play:

1. Print the egg template on the next page.
2. Choose a Donate Buddy (e.g., Harriet the Heart, Benny the Bone).
3. Decorate your egg with patterns, colours, and symbols that match that Buddy.
4. Use crayons, pencils, markers, glitter, or stickers—get creative!
5. Bonus: Try to decorate all 18 Buddy Eggs!

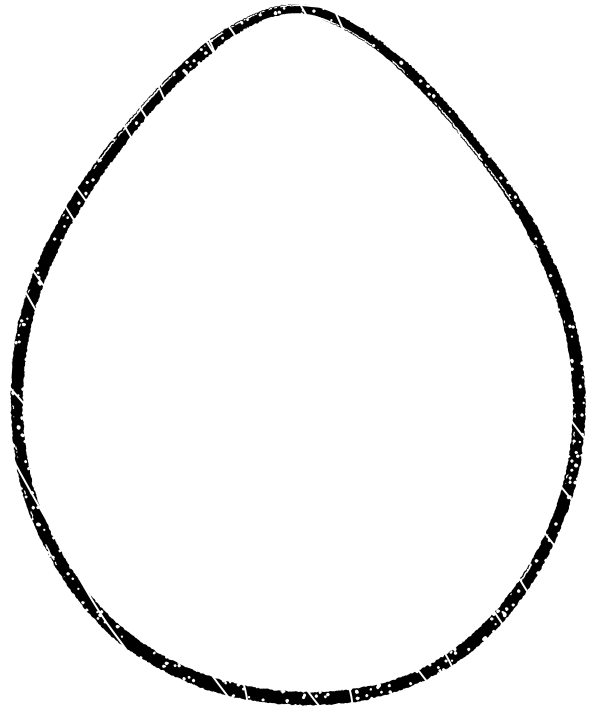

Inspiration Ideas by Buddy:

-  Harriet the Heart: Heart shapes, pulse lines, red & pink swirls
-  Katie & Kenny the Kidneys: Water droplets, hydration waves, blue gradients
-  Lenny the Lungs: Clouds, air swirls, feather patterns
-  Stella the Stem Cell: Transforming shapes, sparkles, and building blocks
-  Polly the Plasma: Glitter mist, golden droplets, fluid rainbow strokes
-  Larry the Liver: Shields, detox symbols, recycling arrows
-  Benny the Bone: X-ray textures, strength icons, bold criss-crosses
-  Iris the Eye: Rainbow spirals, camera lenses, tiny eyeballs
-  Skye the Skin: Sunscreen icons, band-aids, gentle pastel stripes
-  Tina the Tissue: Patchwork patterns, soft textures, love hearts
