

The Hero's Legacy: Time Capsule Celebration

(Year 6 - Ages 11-12):

Lesson 9 of 9

Lesson Summary

This final 60-minute lesson is the grand celebration and conclusion of the unit. Adapting the senior curriculum's "Music to Inspire Action" theme, this lesson focuses on Legacy and future commitment. Students will consolidate the entire unit (Scale, Empathy, System, Pledge, Legacy) by designing a symbolic artifact (a drawing, a note, or a small creative work) representing the single most important concept they want to remember about the Hero's Pledge. These artifacts will be sealed in a "Hero's Legacy Time Capsule"—a final, powerful act of civic commitment that honours the unit's core message: sharing your kind wish is the ultimate gift to the future.

Learning Intentions

Students will

- Reflect on and consolidate the core scientific, ethical, and altruistic themes learned across the entire nine-lesson unit.
- Analyze which key metaphor or fact holds the most personal meaning or importance to them as they move into their future (Grade 7).
- Express their understanding of altruism and Legacy through the design of a creative, symbolic artifact.
- Recognize the Hero's Pledge as a profound and ultimate act of leaving a positive legacy for the wider community's well-being.

Success Criteria

Students can

- Articulate the meaning of one key concept or metaphor (e.g., "The Master Key," "The Gift of Time," "The Domino Effect").
- Design a single, symbolic artifact that clearly represents their chosen key concept for future reflection.
- Explain why their chosen artifact is important enough to be sealed in a time capsule (metacognition).
- Share one final positive message of kindness and civic contribution learned from the unit.
